ABOUT THE SERIES

ministeps are made especially for very young children gaining their first experiences with books and toys. The products in the ministeps® program are uniquely designed to correspond to the physical, mental and emotional abilities of babies and very young children, ranging in age from infants to 36 months.

CONTENT

This little fabric bug crackles cheerfully when babies play with it. The funny little bug legs are made from satin loops and provide children with additional motivation to playfully discover, grab them and suck on them. Colorful animal images on each page invite children to explore the world of animals. This fabric book can be explored and experienced with all their senses. Great fun even for very young children aged 3 months and over!

THE ILLUSTRATOR

Monika Neubacher-Fesser was born in 1959. After studying graphic and design in Kassel she worked for an advertising agency in Hannover. Since the birth of her first child in 1988 she has been working as a free lance illustrator. She also writes books on the subjects of silk painting and hobby and crafts. Monika Neubacher-Fesser lives with her husband and two children in Hannover.
