ABOUT THE SERIES

ministeps are made especially for very young children gaining their first experiences with books and toys. The products in the ministeps® program are uniquely designed to correspond to the physical, mental and emotional abilities of babies and very young children, ranging in age from infants to 36 months.

CONTENT

So many favourite motifs in a row! In this accordion book, very young children can discover a teddy bear, building blocks and many other items from their everyday surroundings.

Placed flat on their play rug or propped up in a zigzag on their changing table, even babies can study the images and explore the fascinating glitter elements and peepholes, making this accordion book the ideal introduction to the world of books.

THE ILLUSTRATOR

Monika Neubacher-Fesser was born in 1959. After studying graphic and design in Kassel she worked for an advertising agency in Hannover. Since the birth of her first child in 1988 she has been working as a free lance illustrator. She also writes books on the subjects of silk painting and hobby and crafts. Monika Neubacher-Fesser lives with her husband and two children in Hannover.
