October 2020	EUR 9.99
Age	9 months and older

Large tactile elements promote babies' sense of touch

A first animal book for all senses

Features fun rhymes

ABOUT THE SERIES

ministeps are made especially for very young children gaining their first experiences with books and toys. The products in the ministeps® program are uniquely designed to correspond to the physical, mental and emotional abilities of babies and very young children, ranging in age from infants to 36 months.

CONTENT

Please touch! The cow has a rough tongue, the cat has a soft nose and the owl has cuddly ears. On each page, babies encounter another favourite animal and can explore fascinating details by touching it. Whether smooth or fluffy – a variety of tactile elements supports babies' perception and sense of touch.

THE AUTHOR

Kathrin Orso spent her childhood in Landshut, Bavaria. Inspired by the books by Enid Blyton her big dream was to found a detective gang. Since this dream didn't come true, she started writing down her own adventure stories. In 2018 she became a freelance writer. In addition to youth novels and reading stories she writes lyrics for children's songs, picture books and comics.

THE ILLUSTRATOR

The most important thing for illustrator Angela Wiesner is that children recognise themselves and their world in her books. Born in Hanover in 1960, she studied art education at the Braunschweig University of Art and subsequently worked as an editor, graphics designer and illustrator for a publishing house. Together with Michael Heß, she received the Author's Award of the Christopherus Foundation in 1999.
