CONTENT

Surprise! Twins Lukas and Marie are given a mysterious suitcase as a seventh birthday present. The suitcase contains everything a good detective needs: a magnifying glass, a map and much more besides. It soon turns out that the suitcase's contents have magical powers! And there is a clumsy pair of villains who are trying to get their hands on it too. Disguised as electricians, they steal the suitcase from under the twins' noses. A frantic chase ensues. Fortunately, the twins are able to locate the suitcase with the help of the magic map. The villains are on their way to the station! The twins manage to get the suitcase back at the last minute, but the villains escape.
