This exciting cardboard picture book allows children to explore the world of the zoo all by themselves. By listening to the sounds and placing the jigsaw pieces, young children playfully learn what sounds the animals make.

THE AUTHOR

Sandra Grimm began her career as an editor and is now a freelance author. Her background as a certified teacher offers a sound basis for her books for children and teenagers. She has three young children with whom she can test all her fun ideas.

THE ILLUSTRATOR

Christine Faust studied the design of games and educational materials, and logically should be creating toys. But because she would much rather draw (and can sit still while doing it), she illustrates children's games and books. In addition, she works in film and television animation.
