CONTENT

Even kids who steadfastly refuse to get dressed will have fun putting clothes on with this jigsaw book! Various clothing items can be inserted on each of the five pages. Custom indentations make the pieces easy to insert while brief texts help find the correct jigsaw piece. Tidied up in a flash: after playing, the jigsaw pieces can simply remain in the book as they won't fall out. The handy container on the cover also offers space to store the pieces.

THE AUTHOR

Annette Langen, born in 1967, was for many years an editor in charge of the program for a children's book publisher. She started writing children's books herself during that time, and now has more than 80 titles to her credit. Her Letters from Felix series was translated into 30 languages and filmed. Since 2000 she has been a writer exclusively. She lives in the Bergisches Land region of Germany with her two children.
