CONTENT

This book provides an introduction to the varied world of vehicles with great precision, yet always geared toward young children and their level of comprehension. The contents include panoramic pictures of a farm, a construction site, a firehouse, a big auto mechanic shop, and even a Formula 1 racetrack. Informative illustrations are complemented by large flaps that open to reveal surprises, and the texts encourage parents and children to talk about what they are reading. Rounding off the book is a fun vehicle ABC page.
