CONTENT

On five large pages, this play book depicts many exciting farm vehicles and animals. Fun sliding effects and numerous flaps make this book truly special: even children’s small hands have no trouble moving the smooth sliders back and forth and open the hidden flaps in the image, making the horse walk into the horse trailer and the tractor load up the bales of straw. Child-appropriate texts convey fascinating factual knowledge about each scene. Fantastic playing fun for vehicle enthusiasts 2 years and over.
