ABOUT THE SERIES

An innovative jigsaw book concept featuring 16 sturdy pieces: By matching the jigsaw pieces, children become familiar with the shown images such as colors eg. The book promotes children's fine motors skills and invites them to name the things they see.

CONTENT

16 sturdy jigsaw pieces depict very first objects and animals. All pieces have the same shape and can be inserted into any slot. The colored backs of the jigsaw pieces help with matching. On the last page, between the pull-along animal and the digger, even the books will find their spot – just like all the other favourite jigsaw pieces from the previous pages! Brief rhymes inspire children to keep looking closely to discover even more details in the scenes and name the objects correctly.
