ABOUT THE SERIES

Shortly before Jo's seventeenth birthday, strange images suddenly fill her mind. Puzzled at first, she realizes she has access to other people's memories. This has unexpected consequences and involves Jo in layer upon layer of mysteries. In this incredibly popular fantasy romance series, first published on Amazon, Jo must figure out what her unexpected ability means and who she really is.

CONTENT

Jo is not thrilled about moving to icy-cold Hamburg until she meets two classmates who could hardly be more different from each other: Adrian, who keeps Jo at a distance, and Louis, who is clearly interested in her. They are bound by an odd rivalry that Jo doesn't understand. But she is even more baffled by the images that suddenly fill her mind shortly before her seventeenth birthday. Can she actually see other people's memories?
